

# Demand for smart medical device and age-related technologies expanding in Korea

09 Aug. 2018

**#MarketInsight** 

 The medical devices market has grown steadily in Korea.

**HEALTHCARE & MEDICAL TECHNOLOGIES** 

- Korea ranks first among OECD countries in the rate of growth of its ageing population (4.3%), driving the increasing demand on healthcare & medical technologies.

**EU-FUNDED BUSINESS MISSION TO KOREA!**

Seoul, 11-15 March 2019  
**DEADLINE: 9 NOV. 2018**

**APPLY ON EU-GATEWAY.EU**

**Korea** ranks first among OECD countries in the rate of growth of its ageing population - driving the **increasing demand on healthcare and medical technologies**. Moreover, the medical device market has grown steadily, with an 8% Compound Annual Growth Rate from 2013-2017.

Korea's medical industry continues to depend on imports, particularly **MRI and Computed Tomography equipment**, and the **smart medical device** market has expanded beyond medical services to cater to lifestyles and diet concerns.

**EU Gateway | Business Avenues** organises its 4th mission to Korea for Healthcare & Medical Technologies, taking up to 50 European companies to Seoul from **11-15 March 2019**. On the first days of this **EU-funded business mission**, participants will attend site visits, **pre-arranged business meetings**, and they will have the opportunity to showcase their technology at a dedicated exhibition. On the last two days of the business mission, participants will receive a pass to **visit the [Korea International Medical & Hospital Equipment Show \(KIMES\)](#) [1]**.

Download the business mission information and [apply online](#) [2] before **9 November 2018**.

Funded by the  
European Union
