

Construction & Building Technologies | Japan

FROM
12 NOV. 2019 TO 15 NOV. 2019

Closed for Application

In 2019, the EU Gateway | Business Avenues mission to Japan for [Construction & Building Technologies](#) [1] will take up to 40 prominent European companies in the field to Tokyo.

From 12 to 15 November 2019, the selected companies will have plenty of **opportunities to meet business partners and customers**, including product showcases at Japan Home & Building Show 2019 in Tokyo, the largest conglomerate exhibition for housing and the building industry in Japan.

On top of that, participants will attend coaching and briefing sessions, a site visit and a networking event that will help them understand the intricacies of doing business in Japan and set the bases for long-lasting relationships in the region.

For more information on this EU-funded opportunity, read the [Business Mission Information](#) [2] document and don't forget to apply before 28 June 2019.

For any details related to applications, contact a Programme representative at coaching.network@eu-gateway.eu [3]

Funded by the
European Union
