

Clean Technologies

The Clean Technologies Sector covers technologies, products, equipment and devices and specifically includes the following sub-sector coverage:

- Water (Waste water treatment, water solutions, fresh water supply)
- Air pollution control
- Waste management
- Recycling
- Noise protection
- Biogas
- Aero thermal
- Geothermal
- Hydrothermal and ocean energy
- Hydropower
- Biomass
- Landfill gas
- Sewage treatment plant gas and biogases
- Carbon capture and storage technologies and carbon services
- Energy efficiency and energy conservation
- Electric vehicles
- Biofuel technologies
- Cogeneration technologies
- Soil prevention

Funded by the
European Union
